Release 1

MSF20516 Certificate II in Furniture Making Pathways

Modification History

Release 1. New qualification

Qualification Description

This qualification applies to a learning and assessment environment where access to structured on-the-job learning in a workplace may not be available. This qualification is only for institutional delivery.

The qualification is intended for people interested in exposure to a furniture making or related working environment with a view to entering into employment in that area.

This qualification delivers broad-based underpinning skills and knowledge in a range of furniture making tasks which will enhance the graduates' entry-level employment prospects for apprenticeships, traineeships or general employment in a furniture manufacturing environment or related workplace.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules
